

## World Environment Day Celebration-2024

### Department of Philosophy Rammohan College

The Department of Philosophy celebrates World Environment Day on 18<sup>th</sup> July 2024 in the New Science Building, Rammohan College. World Environment Day is observed annually on 5<sup>th</sup> June by the declaration of the United Nations. World Environment Day puts a global spotlight on the pressing environmental challenges of our times. This UN International Day has become the largest global platform for environmental outreach, with millions of people from across the world engaging to protect the planet.

We celebrated World Environment Day with a plantation tree on our college premises to make our students aware of the environment they all live in and the ethical responsibilities they are born with. Our honorable Principal Dr. Saswati Sanyal, our acting IQAC joint convenor Dr. Sayonti Mitra and Dr. Samiran Mondal, and our two chief guests Dr. Arnab Mukhopadhyay and Dr. Samim Ahmed joined us for this program. Students and the gardener of the college helped in this entire process to finish the program successfully.
